SCAN HERE

Session	Format / Details	Duration / Marks	Objective / Focus
Theory Paper	Structured questions covering core Emergency Medicine topics	1.5 hours, 50 marks	Assess conceptual clarity, clinical reasoning, and written articulation
OSCE (Objective Structured Clinical Examination)	- Written OSCE: Clinical scenarios, data interpretation, procedural steps - Viva OSCE: Case-based oral questions, rapid decision-making, ethical reasoning	50 marks	Evaluate applied knowledge, communication, and critical thinking
Theory Paper discussion	Lecture: Tips to Attempt Theory & OSCE Effectively • Time management strategies • Structuring answers • Avoiding common pitfalls • OSCE etiquette	~30–45 min	Improve exam approach, clarity, and confidence
Practical Mock Case Discussions	• One Long Case: Comprehensive Hx, exam, DDx, management • One Short Case: Focused assessment & intervention	2 cases	Simulate real-world bedside reasoning & management

The Practical Mock Case Discussions replicate the intensity of a real Emergency final exam, ensuring residents refine their bedside reasoning, quick decision-making, and clinical communication in a safe learning environment.
